**Hospital Shuttle Service**

**Medical Transport**

**Medical Equipment Free Loan**

**Meals On Wheels**

**Snoezelen (Multi-Sensory Room)**

**Golden Age Division**

**Support For New Mothers**

## Dear Friends,

When I first established Ezrat Achim, it was because I saw a need. At the time, it was the need for crutches, wheelchairs and other types of medical equipment.

But that was just the beginning...

A vision was born:

Bet Shemesh would host its very own support network for those dealing with any type of medical challenges, whether due to illness, injury, aging or disability. Our services would be available around the clock and provide help to everyone, regardless of cultural background or affiliation.

Over the course of more than two decades, Ezrat Achim has evolved and grown beyond recognition. Our medical equipment loan program now has many convenient local branches located throughout the city. Our original Special Needs center has expanded to four separate locations.

The organization features a plethora of services, including: hospital shuttle service, free loan of medical equipment, non-emergency medical transport, meals on wheels service, burn treatment and a phenomenal Special Needs department, which boasts a state of the art, Snoezelen/Multi-Sensory room and so much more!

I invite you to buy tickets for our online Chinese auction, in recognition and support of Ezrat Achim's staff and hundreds of dedicated volunteers, all of whom expend a tremendous amount of effort to do whatever is possible to ease our brothers' pain.

Thank you so much!  
**Avraham Kopp**  
Founder and Chairman  
Ezrat Achim
