## Testimonials

*We just had the cleaning lady from AIM come over to clean up our home shortly after my wife gave birth, and I am so beyond grateful. All the nooks and crannies that needed dusting, all the areas that really could have used a good straightening out and cleaning, but we were simply too exhausted to deal with, finally got cleaned up. I have no words. It gives us a fresh new starting point to have the charge to pick up where the cleaning lady left off, so that we can maintain our home in the tidy way she left it, and in good spirits. Thank you!*

**YANKEL LEICHTMAN**

*The AIM Lactation Support Group is a great benefit to the women in our community. It offers a nice opportunity to get out of the house with your baby and socialize with other moms, while also working out any potential nursing concerns. I loved the convenient and comfortable location!*

**ADINA BERGMAN**

*I have the great opportunity to be a Mommy & Me volunteer. I lead the moms and children with music and movement. It's wonderful to watch the moms enjoying this special time with their little ones and connecting with other like-minded women. I have seen relationships form and grow which is a big reason why people join, as motherhood can sometimes be an isolating time, especially for new moms.*

*AIM helped my transition into motherhood be as smooth as possible. From the yummy meals they provided to the incredible cleaning help and lactation resource, I am so lucky to have heard about them and sign up! I was told I wouldn't be able to nurse my baby because of milk supply issues, but the lactation specialist at AIM really encouraged me and gave me amazing advice which helped my supply go up and my baby was able to nurse. AIM is truly an incredible resource!*
