Building a Yeshiva • Building Talmidim

Creating a lifelong Kesher to Torah

Dear Friend, עמורט

Twelve years ago הקב"ה granted me the opportunity to teach תלמידים, helping to mold the next דור of klal Yisroel. I was given the responsibility of forming and implementing the vision of a vibrant and thriving ישיבה.

The Kehilla of Washington Heights gracefully embraced this vision and helped me cultivate and actualize this opportunity.

The ישיבה began with eight בחורים, then quickly grew to almost 100 בחורים. Eventually the תלמידים were housed in fifteen apartments in five different buildings in the neighborhood, and I now feel compelled to find a place spacious enough for this מקום תורה.

I hope to build a beautiful home that will enable all the תלמידים to live and learn comfortably, with הרהבת הדעת.

My goal is to create a comprehensive building that will also accommodate former תלמידים that wish to live near the ישיבה. This will be an ideal place for alumni to move with their families, so that they can remain linked to their ישיבה and have their lives enriched by its התורה.

This brochure will give you a detailed view of the campus and our vision for the yeshiva's future. בסייעתא דשמיא.

Thank you for your interest in this monumental project.

Yehoshua Chaim Rubanowitz
ROSH YESHIVAH

אודם פ' מאז בני ובתק רבים אהלנו

With much הודאה to הקב"ה, the ישיבה was able to acquire a picturesque 7.5 acre property with 40,000 square feet of indoor space in Elkins Park, Pennsylvania. This secluded northeast Philadelphia suburb is an oasis of serenity and מנוחת הנפש.

בורא עולם בקנין השלם זה הבנין

אפקדו מורה ואלאדורה

Plans have been drawn up for a bais medrash and a shiur room, with an attached dormitory that includes a dining room and an industrial kitchen. A move to Elkins Park, PA, presents an historic opportunity for the growth and expansion of the Yeshiva.

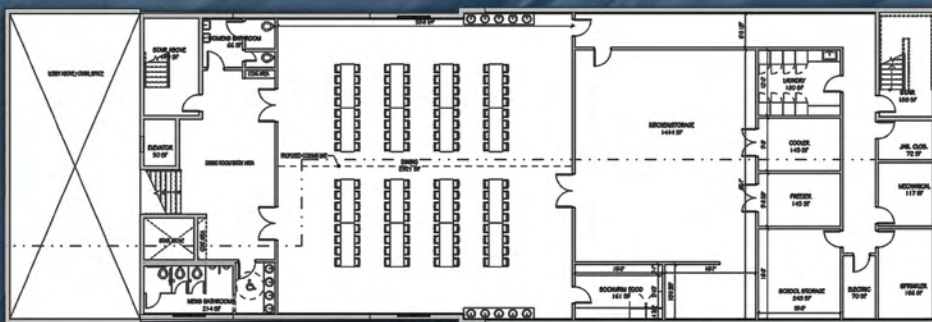

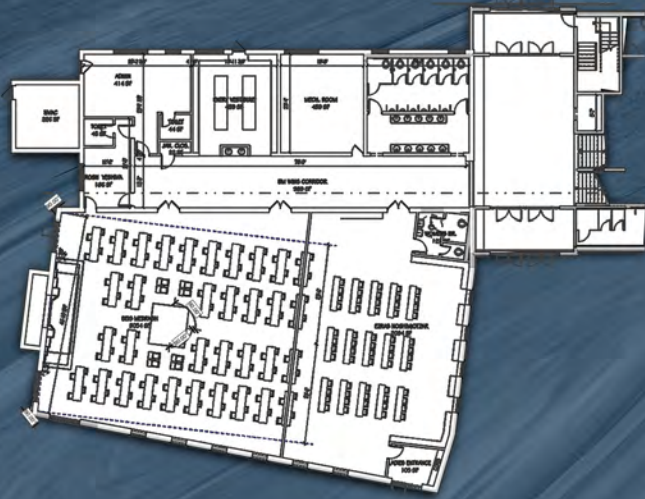

Bais Medrash

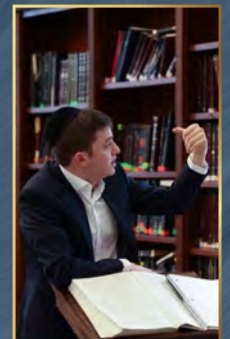

Architect Plans

The Rosh HaYeshiva has reserved the Shiur Room to be dedicated by the Talmidim.

Dormitory

Dedication Opportunities

Founder
