

EMPOWER!

EMPOWER! OUR CHILDREN

To strive.

To surpass.

To succeed.

Our mission at YSV is to empower each child to be the best they can be. Your partnership will empower us to provide the solid foundation upon which we build tomorrow's leaders. When you **EMPOWER!** a student you create his or her future, and share in the dividends of their success.

As we approach the new year, the time is more critical than ever. Our students thrived this past year despite being faced with unprecedented circumstances. Our families deserve a fresh start, one where they can focus on Yeshiva, with nothing standing in their way. Now, more than ever, we await the promise of תחל שנה וברכותיה, **EMPOWERED!** by your support.

Help us **EMPOWER!** each student to embrace their excellence from within.

DEAR PARENTS & FRIENDS,

The 19-20 school year started like any other, with no hint of the surreal events that were to come. But when they did, we all committed ourselves collectively as a Yeshiva family to getting through this time in the most positive and effective way.

We therefore express our thanks to you, our incredible parents and friends, for extending yourselves in every way possible as our partners in Chinuch. Our students have thrived despite the odds, and that's in no small part your credit.

Now, our students have a chance to start the school year with a positive vibe and new opportunity to reach the dreams they're capable of.

YSV is well-known for its incredible staff, Rebbeim, Moros, and teachers, who deliver an unsurpassed level of learning. Our mission is to **EMPOWER!** each student to reach the excellence within, and we've been privileged to accomplish that mission year after year.

After this year, a fresh start is crucial for each student to be able to achieve great heights this coming year with nothing standing in their way.

We trust that your commitment to the YSV family will mirror ours, and your generous response will indeed Empower! the Yeshiva to fulfill its mission. Because even in uncertain times, we remain certain that our partnership will be strong.

Looking forward to your response,

Rabbi Eliezer Stern
